5. On the document labeled B.2 Price/Cost Schedule please confirm exactly what line item 0001 is. **This is a mockup or “prototype” of all the components in one exam room typical. This is being completed to ensure changes aren’t required prior to manufacture of over 94 quantities of Set 1, and 125 quantities of Set 2.**

6. Attachment 13, which is the Bidder worksheet, calls out Sets 1-9. This lists quantities for each. Sets 1-3 are color coded so we can determine how many of these are on each floor. Sets 4-9 are not color coded so there is no way to verify which floors/rooms these items are going into. We need a breakdown per floor if we are to provide a lump sum per floor on the B.2 Price/Cost Schedule. **Total quantities are given on the bidder worksheet, but not by floor. Example the total quantity of Women's Wardrobe Cabinets is 11, total quantity Telehealth Cabinets is 129.**

NOTE: The CLINS AS LISTED IN B2 WILL BE HOW THIS REQUIREMENT IS INVOICED; COMPLETION PER FLOOR. FOR QUOTE SUBMISSION PURPOSES, PLEASE SUBMIT AS SUGGESTED ABOVE IN NUMBER 3.
